Driving Standards Judges of Fact

Any reports of driving standards below the standard expected, reported by any Judge of Fact will be passed to the Clerk of the Course. The Clerk of the Course may then instruct the marshal at the next manned position not to return the entrants Route Check Record Card, so they can no longer continue on the event. A list of Judges of Fact are attached to these Final Instructions.

Route Notes

On the route not every junction is indicated. The correct route follows the obvious "main" road until the inter. mileage from the previous instruction has been completed. You should then be at a junction which agrees with the next instruction.

Whilst following the route you will find that certain points are designated as "Check Points". These will be either unmanned or manned. At the unmanned Check Points, you will find a board bearing code letters/numbers, these

must be recorded in the appropriate space on your Check Point Record Card.

This year there will be 2 x Secret Code Boards placed in locations that will be unmarked in the Route Instructions / Road Book. These will be positioned within 20 metres of a tulip instruction.

At manned Check Points the marshal will check your arrival time and mark this on your Route Check Card, this measure is to try and ensure that the entrant does not drive too quickly or too slowly.

Some Check Points will have a 'What 3 Words' reference. Should you lose your way, you can use this reference to help get you back on route. **You will need to download the What 3 Words App!**

At the finish of the Run all entrants with a "Full House" on their Check Point Record Cards will be entered in a prize draw for various awards.

If for some reason you are forced to abandon the Tour, please ring an Official on one of the following numbers as soon as possible.

Stuart Pye	Secretary of the Event	07928 372 114
Walter Bateson	Clerk of the Course	07388 812 953
